MDC Guaynabo Hosts HIDTA Meeting

On October 20, MDC Guaynabo hosted the Supervisor's High Intensity Drug Trafficking Area (HIDTA) meeting. Warden Jerry C. Martinez provided opening remarks and an overview of the institution, and Associate Wardens Angel G. Motta and Edwin Perez discussed their responsibilities and the departments they oversee. Special Investigative Agent Jose Rosa provided information about the institution's intelligence program and encouraged the participating agencies to continue with the exchange of information. Nelson Rohena, HIDTA Training Coordinator, provided closing remarks. Attending the meeting were representatives from the Internal Revenue Service; U.S. Marshals Service; U.S. Probation and Pre-Trial Services; U.S. Border Patrol; Immigration and Customs Enforcement; Drug Enforcement Administration; Alcohol, Tobacco and Firearms; the San Juan, Humacao, Fajardo and Juncos Municipal Police; Puerto Rico Treasury Department; and Puerto Rico Forensic Sciences.

On October 12 and 13, FCC Coleman hosted its 3rd Annual Offender Employment Specialist (OES) training. William Harmon, Reentry Affairs Coordinator, provided opening remarks and discussed the goals and mission of the reentry program, and Warden Jorge L. Pastrana welcomed the participants. The first day of training focused on understanding the needs of inmates who are transitioning to the community, while the second day stressed utilizing community resources to bridge the gap. Tonya Crane, Reentry Affairs Coordinator, and John Upchurch, Mentor Coordinator, facilitated the group sessions and workshops. Representatives from local, state, and Federal agencies included: U.S. Probation and Pre-Trial Services; the U.S. Attorney's Office for the Middle District of Florida; Department of Veterans Affairs; Marion County Tax Collectors Office; College of Central Florida; Workforce Central Florida; Vocational Rehabilitation Center; Salvation Army

Adult Rehabilitation Center; Marion County Faith and Justice Coalition; Abe Brown Ministries, Inc.; First Baptist Church of Leesburg; and Lake Community Action Agency. FCC Coleman reentry staff continue to foster new partnerships with other agencies.

Participants at OES training

FCI Sheridan's Agriculture and Produce Program

FCI Sheridan's Agriculture and Produce Program (APP), a collaborative effort between the Facilities, Food Service and Safety Departments, currently farms 6.5 acres of land, providing the institution with a supply of fresh seasonal produce and helping reduce the cost of food. As of October 2011, more than 110,000 pounds of produce has been harvested, allowing the institution to avoid spending approximately \$32,000 on food. The APP is a U.S. Department of Agriculture-approved apprenticeship farm worker program, providing inmates with practical job skills and training.

This year's crop included jalapeno and bell peppers, zucchini, lettuce, cucumbers, garlic, broccoli, cabbage, cauliflower, squash, corn, tomatoes, watermelon, cantaloupe, strawberries, basil, oregano and cilantro. The farm's gardening plan, developed in partnership with Oregon State University, Yamhill County Extension, highlights responsible watering practices, crop rotation, cover crops, composting and a significant reduction in the use of pesticides/herbicides by utilizing various organic initiatives.

The 2011 harvest production was five times greater than last year's yield thanks to the non-potable water resource provided by an abandoned ground water well and use of a 5,000 gallon storage tank system located at the satellite camp. The well was unused since the BOP's acquisition of the private property to build the institution in the mid-1980s. The water pump for the well is currently being fitted with one of the first solar panels produced by FCI Sheridan's UNICOR Solar Panel Factory. More information about the APP program can be found on FCI Sheridan Facilities Department's Sallyport page.
